

Dear Ken (Alex - Georgia, and all helpers)

Just to thank you all for a splendid job on Saturday. The marquee itself exceeded all expectations - it was 'magical' inside (a word used many times in the cards we have already received!) But I was also extremely impressed by the efficiency of your obviously well experienced staff!

The garden has suffered far less than I expected - and I was very pleasantly surprised that even with all the huge vans up and down, the grass verges were not even marked - amazing - lots of smaller ones have not been half so careful in the past!

I am very glad we chose your company, Ken, and would willingly recommend you to anyone with complete confidence!

With sincere thanks
Carol, David
Sally & Tim.
